Subject: Total hospital bed numbers and by type

## REQUEST

A list of all hospitals registered with the Care Quality Commission (CQC) within your Trust along with the total number of beds (maximum capacity) and total number of beds broken down by type (more details below). My preference is for this to be provided using the same "Location Name" and "Location ID" as specified by the CQC, so that I can accurately identify each hospital. I already have access to the CQC data, but I would appreciate it if you could present it in this consistent format so I can match the service.

So in summary for each hospital, please provide:

1. The hospital name/address (ideally the same name and location ID registered with the CQC);
2. The total number of beds in each hospital;
3. A breakdown of the total number of beds by the following four bed types in each
