

Ref. No: 1523
Date: 04.02.2025
Subject: Wound Formulary

REQUEST

1 - Does the organisation have an 'open' formulary which can be added to at anytime? Yes/No

2 - If No, and the formulary is 'closed' and reviewed on a regular basis, please could you confirm the last date it was renewed to its current status and when is it next open for review?

3 - Who, within the organisation is the most appropriate person to contact in relation to (a) the formulary process and (b) the provision and oversight of wound care?

RESPONSE

1 - Does the organisation have an 'open' formulary which can be added to at anytime? Yes/No

The formulary is closed, not open to change.

2 - If No, and the formulary is 'closed' and reviewed on a regular basis, please could you confirm the last date it was renewed to its current status and when is it next open for review?

Formulary is reviewed annually, currently working with cheshire and Merseyside formulary task and finish group

3 - Who, within the organisation is the most appropriate person to contact in relation to (a) the formulary process and (b) the provision and oversight of wound care?

Contact is lead nurse tissue viability via the trust contact us page on the intranet.
